Diversity

- The 2011 Census showed Hinstock Parish had a black and minority ethnic group population of 8 (0.67%). The largest broad ethnic group is 'Mixed / Black' (within this the largest group is 'White and Asian / Other Black'). For the first time the 2011 Census showed Hinstock Parish had a gypsy population of 2.
- When asked about their religion 25.1% (301 people) identified themselves as having no religion or did not state it on the form. The majority of people (74.6%) identified themselves as Christian and 0.3% (4 people) identified themselves as having an alternative religion.
- The 2011 Census showed that 0 people could not speak English well and 0 people could not speak English at all.

Car Ownership

- The 2011 Census showed that 17 households (3.9%) did not own a car and subsequently are reliant on other forms of transport such as public transport services. In total 844 cars are owned by households resident in the place plan area.

General Health

The 2011 Census asked three questions relating to health and the provision of unpaid care. The questions relate to whether people felt their general health was good, whether they looked after or gave help or support to other family members, friends, neighbours or others and lastly whether their day to day activities were limited because of a health problem or disability.

At the time of the 2011 Census 48% of people in Hinstock said that they felt they were in “Very Good Health”, this compares to 46% for Shropshire as a whole.

1.6% reported that they were in “Very Bad Health”. This is slightly higher than the overall result for Shropshire (1%).

Provision of Unpaid Care

The question asked “do you look after, or give any help or support to family members, friends, neighbours or others because of either; a long term physical or mental ill health/disability? or because of problems related to old age?”

At the time of the Census 8% said that they were providing 1 to 19 hours of unpaid care a week. This is slightly higher than the Shropshire figure of 7%.

1% said they provided between 20 and 49 hours per unpaid care. This is in line with the Shropshire figure of 1%.

3% said they provided over 50 hours of unpaid care. This is slightly higher than the figure for Shropshire as a whole (2%) and England & Wales (2%).

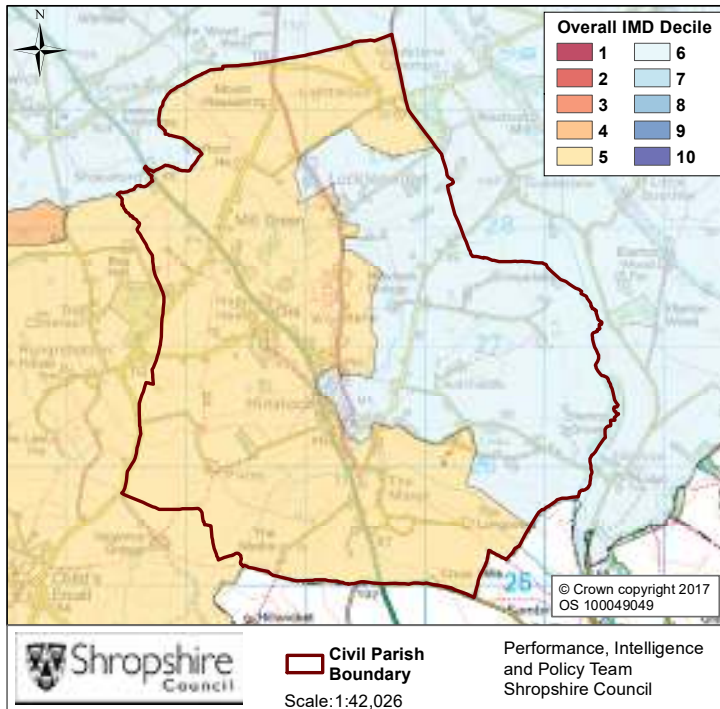

Long Term Illness or Disability

The Census asked “Are your day-to-day activities limited a lot due to a health problem or disability which has lasted, or is expected to last, at least 12 months?”

10% said that their day-to-day activities limited a lot due to a health problem or disability. This is higher than the figure for Shropshire as a whole and that of 9% for England and Wales.

The percentage who reported their day-to-day activities were limited a little was 10%. This is in line with the Shropshire figure of 10%.

Index of Multiple Deprivation

The lower super output areas that cover Hinstock Parish fall within Percentile 5 and 6 nationally.

Percentile 1 is the most deprived nationally and Percentile 10 the least deprived nationally.
